# **COMPUTER SCIENCE LEARNING CENTER**

**THE INTERNATIONAL MASTER MENTORING-PROGRAM IN CS**

Harald Selke, Anns Mary Francis, Dietrich Gerstenberger

# Computer Science Learning Center

## Mentors for our new international Master students

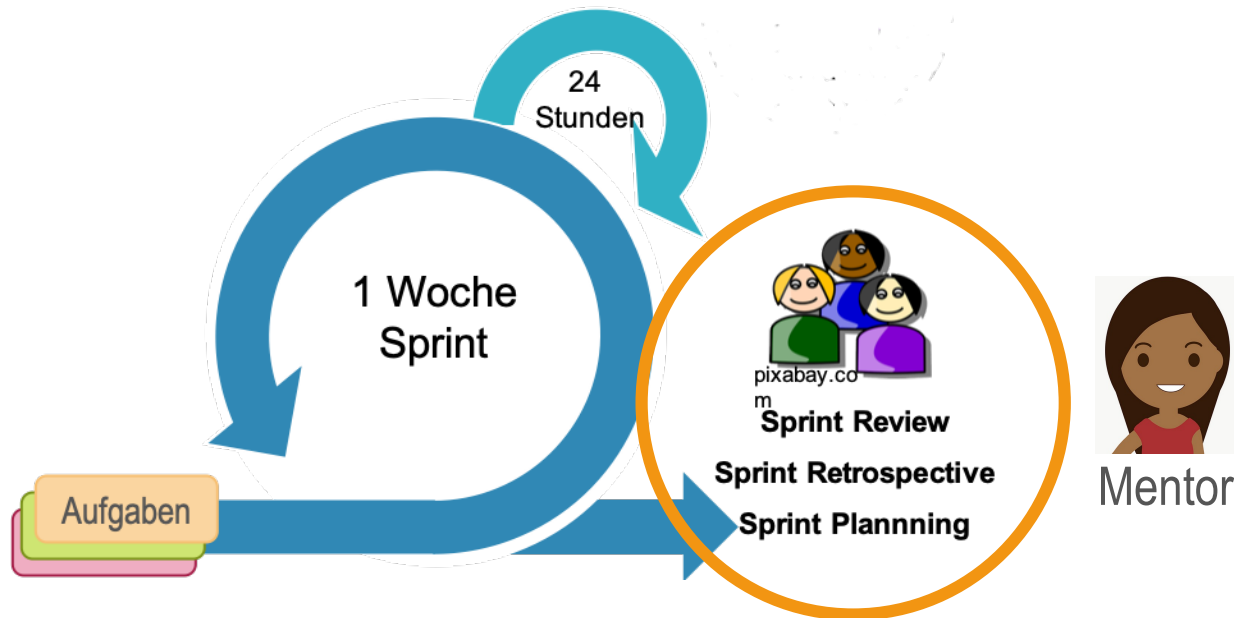

All freshman students have the opportunity to meet once a week in groups with an experienced mentor at Campus or in online-sessions.

# Computer Science Learning Center

## Mentors for our new international Master students

Your meeting is a combination of Sprint Review, Sprint Retrospective and Sprint Planning:

# The weekly meeting

## (1) Sprint Review

Scrum: „the team shows what it has achieved within the sprint“

- how did the last week go?
- could all exercises be done?
- have consultation hours been used to clarify problems?
- have the discussed ToDo's been implemented?
- . . .

# The weekly meeting

## (2) Sprint Retrospective

Scrum: „what went good or bad?  
what could you do to make the next sprint more productive?“

- what went well?
- what went bad?
- on the latter point: the question of ‚why‘ ?
- how can this be improved?
  - note down concrete ToDo's and ask for them again in the review next week.

# The weekly meeting

## (3) Sprint Planning

Scrum: „Together, both sides determine which part of the product backlog the team can complete in the upcoming sprint.“

- discuss routine tasks
- ToDo's from the retrospective are also part of the weekly planning
- there are special events in the following week
  - registrations / cancellations
  - consultation hours
  - Workshops
  - . . .

# The weekly meeting

## (4) Organisation at Paderborn University in daily life

Besides these three topics about how to progress in your CS lectures, the mentoring program for our international students also covers all the topics about your daily life at university and in your new city Paderborn!
